

N.E.W.S.® Advanced Virtual Leadership

This innovative solution provides leaders with the ability to lead and engage complex virtual teams that challenge the leadership style of yesterday.

For team leaders of remote and hybrid teams. Specifically for leaders of teams of knowledge workers and millennials.

Crafting winning teams remotely.

Based on the NEWS Compass®. It is rich with virtual leadership advanced skills. Leaders will learn to co-navigate virtual teams, using exclusively designed leadership tools. It is a highly practical solution combining advanced skills training and practice together with leadership navigation mind set and tools.

- Learn how to engage and align your team as one unit by remote.
- Craft and lead winning teams, remotely.
- Motivate with a participative “virtual buy-in” leadership style.
- Encourage focus, contribution and agility in the modern workplace.
- Achieve optimal results together with your team.

“To lead teams virtually and effectively is probably one of the greatest challenges that leaders face today.”
Aviad Goz - CEO and Founder, N.E.W.S.®
