

N.E.W.S.® NExTO Self-Navigation

Learn to navigate yourself and your career through this life-changing self leadership workshop.

For the development of key talents. To support people in transition in the creation of their next version. Or as a part of a leadership development pathway.

NExTO Self-Navigation is a powerful and highly participative 16-hour self leadership program to develop and grow key talents inside your organization. Based on the NEWS Compass®, participants discover their “True North” inside the organization and they create the practical roadmap required to reach it.

- Find your authentic “True North”.
- Match your own greatness with the organizational needs.
- Find your inner motivation and connect to it.
- Learn how to overcome limitations and challenges on your way to success and fulfilment .
- Acquire the tools for your own development within the organization.

Creating your next best version.

“N.E.W.S.® NExTO allowed our High Potentials to identify what drives them and how it aligns with our company’s goals and career path. We are so proud that we have employees who are ready to be successors and leaders in the future of our company.”
